

This is the input of the new values it finds:

```
[
  {
    "Key": "Next Update",
    "Value": "TESTING ASAP"
  },
  {
    "Key": "Details",
    "Value": "TESTING to see if email notification works 1/2"
  },
  {
    "Key": "Next Update Due",
    "Value": "2023-03-18"
  },
  {
    "Key": "Status",
    "Value": "In Progress"
  }
]
```

and this is the output:

```
[
  {
    "Key": "Status",
    "Value": "In Progress"
  }
]
```
